TIMELESS RHYTHM

Originally opened in 1927, Fenway Hotel is an icon of the jazz age, playing host to notable explorers, artists, politicians, musicians and living legends in its time as an operating hotel. Considered the “most historically valuable structure” in Dunedin, Florida, the hotel was also home to the first radio station in Pinellas County, which began broadcasting in 1925. Today, the Fenway Hotel is a Mainsail Lodging & Development project in collaboration with the Taoist Tai Chi Society of the USA, scheduled to open this fall as a member of the prestigious Autograph Collection® of Marriott International, Inc. (NYSE: MAR)

Fenway is a place humming with soul, where songs of the last century echo with every footstep through the halls. Here, guest and locals will come together to dance the night away. It is a place where touches of the past blend harmoniously with each hand-selected element of the new modern setting – from repurposed jazz instruments in the vibrant lobby to portable turntables jazz-inspired artwork in guest rooms.

STAY THE NIGHT

The new boutique hotel will feature 83 guest rooms and suites dressed in a relaxed palette and bold tropical accents, with a vintage-inspired design incorporating the latest technology for guest comfort and connectivity. Guests will also find unique furniture such as nightstands inspired by travelling musicians’ trunks and vibrant bathrooms with bold Spanish-inspired tile.
